UNICO R®

Without external unit

Suitable for colder climates

UNICO R 10 HP EH Cod. 01495
UNICO R 12 HP EH Cod. 01496

FEATURES

Two power versions: 2.3 kW – 2.7 kW
Available in versions: HP (Heat Pump)
Integrated Electrical Resistance: 2kW
Dual Class A
Ecological gas R410A
Installation versatility: Wall installation from the top or bottom
glass installation may be possible*
Easy installation: UnicoR can be installed from the inside within a few minutes
Wireless wall control (Optional)
Multifunction **remote control**
24 hour Timer

FUNCTIONS

Dehumidification only mode
Auto mode: modulates operation in relation to the ambient temperature.
Sleep mode: gradually increases the temperature set and ensures reduced noise for greater wellbeing at night.

WARM[R] SYSTEM

For external ambient temperatures below 2 ° C heating mode is obtained by activation of the electrical resistors and fan only. For temperatures over 2 ° C, heating is obtained by means of the heat pump. The management of either mode is completely automatic.

PURE SYSTEM 2

a multi filtering system that combines an electrostatic filter (which prevents small particles such as smoke, dust, pollen and pet hair, helping to prevent allergic reactions) with an activated carbon filter (which eliminates bad odors and inactivates any gasses harmful to health).

suitable even for colder temperatures
